Dear Bob,

I want to congratulate you again for being chosen as a local hero during the President's visit to Western Wisconsin. As the President recognized during his visit, "this is the best of America," and your service and involvement in the community has helped make it that way.

I hope you had as much fun during the event as I. Although it took us two Air Force Ones to get there, the President was determined to get to La Crosse. He mentioned to me before he left how glad he was to have had some time to spend with you and the other local heroes.

Once again, congratulations on the recognition you so richly deserve. You have made this community very proud!!

Sincerely,

Ron Kind
